DESCRIPTION

FODE MOROBE PC LAE is located along the Huon Road and has a building 6.500cm in width and 42.400cm in length. The building is shared with the Lae Tutorial Program which they occupy the three (3) quarters of the building and the remaining quarter is used by FODE.

Administration files and record cards are not stored away properly. We also have three (3) containers where we usually store our subject materials, marked assignments, workbooks, unmarked students worksheets that needed marking, library books, cleaning equipment's and staff tea and other important stuff documents is kept in them.
